Requirements for the Master of Accountancy

The master of accountancy program requires 36 units of graduate coursework beyond the nine units of foundation courses. Please refer to p. 133 for the Required Academic Progress and Grade Requirements for Graduation for Graduate Students.

Students may be admitted to advanced program courses before the completion of the foundation program, but must complete the foundation by the time 12 units have been earned in the advanced program.

International students (F and J visa holders) admitted to the master of accountancy program at Golden Gate University will be required to take a gateway course on academic readiness and accounting course support in their first trimester. This requirement will only be waived by the school at file review.

Computer Proficiency Requirement

Applicants are expected to have a working familiarity with computers and the software applications appropriate for graduate study.

Math Proficiency Requirement

Applicants are expected to possess a level of mathematical skill at least equivalent to Intermediate Algebra (MATH 20). Students may meet this requirement by satisfying one of the screening criteria listed under the heading "Proficiency in Mathematics, English and Computer Skills Required for Certain Master's Degrees and Certain Graduate Certificates" on p. 123.

Economics Proficiency Requirement

Students are expected to possess a level of economic skill and knowledge at least equivalent to that attained in ECON 1 or ECON 2.
